Come join us on a futuristic yoga voyage! Together we will dive into the land of the future- practicing yoga poses while exploring sustainable ways to save our planet, learning about outer space, discovering goals and dreams of our own, and having fun with astronauts, robots and aliens! Yoga camp is a time to breathe, stretch, relax, play and perhaps learn a little something new. We will get creative with exciting arts & crafts and journals, get groovy with yoga games, practice leadership and teamwork. We will also participate in out of this world Seva (community/volunteer service) projects. It's going to be lots of future fun! No prior yoga experience required.
